**Worldwide Medical Insurance**

For treatment received whilst staying in hospital, either overnight or as a day-case, plus related benefits.

Worldwide Medical Insurance gives you the reassurance of covering essential hospital treatment you may need, whether in an emergency or a planned visit. Surgery, cancer treatment and advanced imaging, whether received whilst staying in hospital or as a visiting patient, are also included.

Each member to be included on this plan automatically receives cover for **Worldwide Medical Insurance**, our core cover. Please tick the options you wish to add for you and any additional people.

**Worldwide Medical Plus:**

For specialist treatment where you do not need to stay in hospital.

Worldwide Medical Plus covers you for consultations with a doctor or specialist and medical treatments that do not require a hospital stay. These may include osteopathy or complementary therapies, for example. Some of these treatments or consultations may take place before or after a hospital stay, but many will be totally independent.

**Worldwide Medicines and Equipment:**

For prescribed medicines and medical equipment.

Often, treatment does not end when you leave the hospital or clinic or after you have seen a specialist. This option covers you for prescription medicines and the rental of medical appliances, such as oxygen supplies or wheelchairs. Our unique benefit for long-term prescriptions will also pay for any medicine required to manage chronic conditions such as asthma.

**Worldwide Wellbeing:**

For a range of health screenings, vaccinations, dental and optical treatment.

Our Wellbeing option is designed to help you protect and maintain your health. It covers medical screenings that can provide valuable early detection of conditions such as cancer. It covers dental and optical treatments, which can play an important role in keeping you healthy by identifying underlying problems such as mouth cancer or diabetes.

**Worldwide Evacuation:**

For when you can't get the treatment you need in a local hospital.

The Worldwide Evacuation option covers you for reasonable transport costs to the nearest suitable medical centre, when the treatment you need is not available nearby. Repatriation, which is also included, gives you the added option of returning to your home country or specified country of nationality, to be treated in familiar surroundings.

**Cover for pre-existing conditions:**

If you have a pre-existing medical condition, this option could provide you with the opportunity to be covered for it. If you would like to find out if we can cover you and to obtain a quote, please tick here.

**If your plan includes cover for pre-existing conditions, this cover does not apply in the USA.**

This option will apply to each member to be included on this plan

**USA cover:**

If you spend most of your time in the USA, then you will need to buy USA cover on an annual basis. If you spend most of your time outside the USA, you can choose to add USA cover to your plan by ticking in this section. Please note, we do not cover permanent USA residents. **This cover will increase your premium.**

**If your plan includes cover for pre-existing conditions, this cover does not apply in the USA.**

**Annual Deductible**

If you are paying by Direct Debit or Credit Card, you may choose an annual deductible. This is the amount you would pay towards eligible medical treatment each year. If you choose any of the deductible amounts on Worldwide Medical Insurance then a fixed deductible amount of £100 (\$170 / €125) is applied to Worldwide Medical Plus and £50 (\$80 / €60) fixed deductible amount is applied to Worldwide Medicines and Equipment (if you choose these options).

**The deductible you choose will apply to each member on this form.**
