To whom it may concern

With more than 25 years global experience in providing healthcare insurance protection across more than 100 countries and as a member of the international Primary Group, managing premiums in excess of \$2 billion, Goodhealth has worked closely with the Medibroker Group of Companies for a number of years.

During this time we have found both the management and staff of the Company to be professional and highly knowledgeable within their chosen sectors of the industry, and where their integrity has been unquestioned.

In 2006, Medibroker International was awarded the Goodhealth Worldwide Global Award for Innovation.

As an appointed Goodhealth Worldwide Agent, we have been delighted to work with Medibroker and look forward to doing so for many years to come.
